We strive to produce exceptional, fresh-made products available for eat-in, takeout, delivery and catering. We whole heartedly believe in using the freshest, most quality ingredients...we do not own a microwave. Our beans are soaked overnight, then slow simmered. They are 100% Vegetarian/Vegan. Our Vegetarian and Vegan selections are prepared with utensils and pans that are not used to cook or handle meat products. No gluten or animal products are fried in our fryer. So, our Avocado Fries & Chips are Vegan and Gluten Free. Our salsas and guacamole are handmade daily. We are constantly making our chips throughout the day. You will not find a fresher chip. We are passionate about peppers, both their flavor and heat. We do not use pepper extract. We respect the flavor integrity of the pepper. We value each and every customer and will prepare our dishes to accommodate dietary restrictions: Food Allergies, Vegetarian, Vegan or Gluten Free.
